

Quick Pizza Dough

Ingredients

1 cup self raising flour
1/4 teaspoon salt
about 4 tablespoons natural yoghurt usually Greek style

Directions

Combine flour, salt and yoghurt in a bowl until a soft dough forms.

You may need to add a bit more yoghurt if it is too dry to form a ball, or some extra flour if too soft.

DON'T knead the dough-just let it rest for a few minutes while you prepare the topping.

Roll out dough vert thinly and place on a greased pizza tray.
